What participants are saying about Mission: Day By Day™

"Mission: Day by Day is making a **profound and immediate impact** on our leaders through a reflective, multifaceted adult learning methodology that leaves no choice but to seek more. Our team looks forward to daily reflective messages and practice exercises that have **engaged us on an extraordinary journey of awareness, affirming the sacred in our lives and work.**"

- Mary Kingston RN, FACHE, *Chief Executive, Providence Health and Services, South Bay, CA*

"Mission: Day by Day meets participants where they are, as an instrument of grace in taking them so much further and deeper, with a **ripple effect throughout the entire ministry**. The **impact** on participants at Agnesian HealthCare has been both **formative and transformative**. Participants are more self-aware, recognize the sacred in the ordinary more readily, realize the need for reflection, and have **taken in the reality they are entrusted with continuing the mission** of Jesus and the congregation into the future."

-Sr Mary Noel Brown, CSA, *Executive Leader of Sponsorship, Congregation of Sisters of St. Agnes*

"We had such an amazing group meeting. The experience was electrifying. **Your tasks are bringing us all closer together**. The sharing is remarkable. **We are steadily making progress toward a tighter knit community of mission-driven, ministry leaders**. Thanks for the guidance and all the support."

- Dr. Jim, *Behavioral Health. Local Facilitator, Mission: Day By Day™*

"I was nervous about having another commitment in my already overstuffed schedule. This journey has been **such a spiritual boost**, it is hard to believe I doubted the decision. I am very blessed to be a part of this community and I am looking forward to the journey ahead."

- Matthew, *Phlebotomy*

"I have learned not only more about the ministry, the mission statement and the values of my organization, but also more about myself and my faith. **My faith has deepened** more through the daily Mission: Day By Day readings and the postings from my cohort."

- Julie, *Admitting*

"What I take away from Mission: Day By Day is this: **It is imperative to pause and listen to the call**. To use your God given gifts to instill dignity to someone who has little. To instill hope to someone who has none. To provide care that makes a patient smile who previously only had tears. Providing compassionate care is a calling, a vocation, a blessing."

- Jamie, *Behavioral Health*

"The journaling exercises and daily emails provided a level of discipline I personally needed and assisted in grounding me with a **gentle reminder and focus** that it is just as important to take the time to appreciate the symbols, words and environment we work within."

- Sue, *Organizational Development*

"I'm finding as I reflect each day: I am **happier, more thankful, more prayerful, and excited** to share my excitement."

- Hailey, *Nursing*
